One sound from Luzon to Visayas and Mindanao on Barangay LS 97.1

Unifying its listeners in Luzon, Visayas and Mindanao under one Barangay and one sound, the key programs of GMA's flagship FM radio station, Barangay LS 97.1, are now airing simultaneously across the nation beginning this month. Barangay LS programs that were previously heard only in Manila are extended to the regions thru RGMA FM stations in Cebu, Davao, Bacolod, Baguio, Cagayan De Oro, Dagupan, General Santos, Iloilo, Kalibo, Legazpi, Lucena, Naga, Palawan and Tuguegarao. "On Barangay LS, we are all about providing 'crazy fun' to a diverse listenership," explains RGMA Vice President for Operations, Glenn F. Allona.

"With the integration of our key programs across our regional stations, we endeavor to amp up the fun and connect our listeners from Luzon all the way to Visayas and Mindanao under one sound and one Barangay." Listening is made more interactive and entertaining through a simulcast of the key programs with DJs from the various stations interacting with each other, as well as the listeners. "More than providing a good listening experience, we want to initiate a conversation with our listeners," Allona continued.

Hopeless romantics can tune in to Wanted Sweetheart with Papa Dan in Manila and his counterpart DJs from the different regional stations as they match male and female callers searching for love on air. For the last hour of the program, Papa Dan will take over and match one caller from Luzon and one caller from Visayas or Mindanao. It airs from 9:00PM-12MN every Monday to Friday.

Listeners can also join Papa Dudut on Barangay Love Stories as he reads real stories of love, life, and hope from real people. Find about these interesting stories and new episodes every 12:00NN-3:00PM on Sundays.

Mornings have never been more fun with Potpot & Friends, featuring the fun trio Papa Jepoy, Papa Buboy and Mama Cy as they call random households, stores, and offices and create lively conversations and entertainment.

Papa Jepoy will also be interacting with local DJs of the parallel regional programs from Luzon, Visayas and Mindanao during the last hour. Anticipate their surprise calls from 6:00AM-9:00AM every Monday to Friday. Meanwhile, listeners can be the talk of the town by calling in, sharing their

personal stories and requesting their favorite songs on Bida sa Barangay with Papa Carlo from 7:00PM-9:00PM every Monday to Friday.

Barangay FM radio stations nationwide include: Barangay LS 97.1 Mega Manila, Barangay RT 99.5 Cebu, Barangay 103.5 Davao, Barangay 107.1 Bacolod, Barangay 92.7 Baguio, Barangay 100.7 Cagayan De Oro, Barangay 93.5 Dagupan, Barangay 102.3 General Santos, Barangay 93.5 Iloilo, Barangay 92.9 Kalibo, Barangay 96.3 Legazpi, Barangay 91.1 Lucena, Barangay 101.5 Naga, Barangay 97.5 Palawan and Barangay 89.3 Tuguegarao.

DYK???

The 105.1 Easy Rock Davao was aired every night (from 9:00 PM to 10:00 PM) the only Japanese radio program? It was also aired at 88.3 Energy FM Davao (After the first station). It was MKD Nihongo Radio (MKD Japanese Radio), managed by Mindanao Kokusai Daigaku (Mindanao International College). But unfortunately, that station is now under hiatus.

This station taught us some Japanese Words and phrases, and that also played Japanese music (it can be an anime theme song or not) and dramas.

Konbanwa (Magandang gabi) minna-san (sa inyong lahat)!!!

Steely Dan got their name from a dildo in William Burrough's novel Naked Lunch. Anticipating that the band would eventually fall apart, they didn't give their name much thought. 13 albums, 3 Grammy Awards, a Rock and Roll Hall of Fame induction, and 43 years later, Steely Dan continues to rock its listeners as hard as ever. Si Martin Oliver Solis Dipasupil, o mas kilala natin bilang si MARTIN D. ay isa na sa maituturing nating institusyon ng FM Radio. Siya ang isa sa mga bumago sa approach ng listeners pagdating sa musika at maging sa pakikipagugnayan, dahil sa kanyang likas na pagiging makulit, palatawa, at the same time, kinikilatis nyang mabuti ang mga kantang patutugtugin. sya na rin ang nagsisilbing VO announcer, producer at at dahilan din kung bakit magaganda ang kalidad ng bawat kwento ng buhay sa Dear Jasmin/Dear MOR. di talaga matatawaran ang hardwork at dedication ng nag-iisang MR. DJ ng DWRR 101.9.

si Martin D. ngayon ay nasa ika-19 na taon na sa radio industry, na ipinagdiwang nya noong November 1.

"Reeling in the Years" is one of the most popular songs of Steely Dan but the band doesn't resonate with it much. According to Donald Fagan, the song is "dumb but effective."

Elliot Randall played the solo for the song. Randall's guitar solo earned high praise from Led Zeppelin guitarist Jimmy Page.

Nikko Ramos is now on Good Times with Mo Twister and Sam Oh on Magic 89.9. Nikko will permanently replace Mikey Bustos.

Riki Flores will remain in The Pop Stop and Magic Pop 30 with the Pop Squad. There is a possibility that Andi Manzano will be back on the 3 pm time slot.

Also, Magic's 2-6 am time slot before Good Times is now vacant since DJ Pat left.

Because of the entry of Nelson Capulso aka Sgt. Pepper on Wave 89.1, some DJs have quit the station like Anne and Gee Canlas.

Why is Wave 89.1 playing a lot more pop songs aside from the usual hip-hop and RNB? It's because their station manager, Sgt. Pepper or Nelson Capulso, used to be with Magic 89.9 and 103.5 MAX FM which are also pop-oriented stations and are sister stations of Wave.

You are the minstrel, (Manila or area of broadcast area) and I'm your guitar (the mellow sound)

Each day you sing just makes me

Fall in love again so sweetly.

Stephen Bishop had a horrible rejection complex.

"In school, I was a real dipshit. I looked like an accountant. I was the guy girls wanted to be 'just friends' with. I was always on the wrong side of zany. Music was the only outlet I had."

Not knowing the chords, he started writing songs and made up chords as he went along. Art Garfunkel decided to give him a chance and his career launched. Soon, the previously rejected Earl Stephen Bishop had to cope with messages from women pleading for him to return their calls.

Stephen Bishop has a sweet spot for us Filipinos. Having traveled to the Philippines a couple of times since 1980, he has fallen in love with the country, its people and quirks.

"Well, there was the time I was out in the country visiting my friend when I heard someone walking down the street yelling, 'Balut! Balut!,'" Bishop shared. "My friend then told me as I asked him what was going on... 'it's a sex enhancer, it makes you turned on but you have to eat it in the dark'. I tried it in the dark and I couldn't keep my hands off myself. That's when I knew there wouldn't be another."

Jingle Bells was composed by James Lord Pierpoint in the 1850s for his Boston Sunday school class during Thanksgiving as a way to commemorate the famed Medford sleigh races. It is not clear though, if the original lyrics went "Dashing through the snow in a one-turkey open sleigh!"

FRESH with George Boone welcomes the Yuletide season with music, trivia, and good cheer!

'Xmas' doesn't remove Christ from 'Christmas'.

In the olden days, Christianity was "Christianity" was spelled "Xianity" as far back as 1100 as a symbolic syllable for "Christ." The syllable became 'X'temmas' in 1551 and was eventually shortened to "Xmas."

In Japan, Christmas is known as more of a time to spread happiness rather than a religious celebration. Fried chicken is often eaten on Christmas day. The traditional Japanese Christmas food is Christmas cake. It's not a rich fruit cake, but is usually a sponge cake decorated with strawberries and whipped cream.

Loneliness is the key Christmas feeling, and most of the sadder seasonals have to do with being apart from loved ones. The tone was set in the World War II era "I'll Be Home for Christmas," written from the viewpoint of soldiers who would be home for the holidays "if only in my dreams."

"It's beginning to look a lot like Christmas" celebrates that time when Christmas decorations appear in stores and public displays, which has been earlier and earlier in recent years. There are some dated references in the song, such as the "five and ten," which is a store selling inexpensive items. The "Hopalong boots" the child wishes for are a reference to those worn by the fictional cowboy Hopalong Cassidy.

There are some dated references in the song, such as the "five and ten," which is a store selling inexpensive items. The "Hopalong boots" the child wishes for are a reference to those worn by the fictional cowboy Hopalong Cassidy.

Yuletide cheer on FRESH with George Boone the entire week!

Paul Anderson, the owner of a quaint piano store called The Piano Guys, was looking for an unconventional way to market his pianos. Jon Schmidt, a solo piano performer, walked in to ask if he could practice on the pianos for his gig. Paul told Jon of his idea: make a video of Jon playing the piano. Enter, Steven Sharp Nelson, a brilliant multi-instrumentalist. He started playing the cello for the group. Finally, Steven met Al van der Beek when he moved into Steven's neighborhood. Al then went on to be the group's Music Producer and songwriter. Together with a few other guys Jeremy, Piano Stunt Coordinator and Shaye - the videographer, There you have it! The Piano Guys have been enthralling their audiences with bolder, even more, daring performances than their previous ones! The Sounds of the Season never sounded so FRESH. Lady Antebellum's Christmas album *On This Winter Night* was recorded in summer.

"It is always weird to be in the studio working on Christmas music in June and July, so we decorated the entire studio," Dave recalls. "We brought out lights, fake trees and decorated the place to get in the Christmas spirit. You'd leave the studio, and it'd be 100 degrees out in Nashville, but nonetheless, a great experience."

The Sounds of the Season never sounded so FRESH. All December long on FRESH with George Boone on 104.3 Metro Manila, around the world on <https://ustream.tv/channel/business-radio>, and on your smartphone via PBS rAPP!

Angelic was an apt description of Michael Jackson's voice when he sang "Give Love on Christmas Day" with his brothers. The song, found in the Jackson 5 Christmas album, was written by Motown's winning songwriting team Berry Gordy, Alphonzo Mizell, Christine Ferren, Freddie Ferren and Deke Richards. The song has been covered by a lot of artists such as The Temptations, Faith Evans and even our very own Rico J. Puno!

Dance of the Sugar Plum Fairy from Tchaichovsky's Nutcraker is a song that is constantly crescendo and decrescendo. The music starts out soft with the plucking of strings, and slowly gets louder as the sound of a xylophone comes in with the main melody. As the piece progresses, you can hear strings-most likely violins and cellos-come in and as well as a bassoon or clarinet or bass clarinet. The celesta, a piano-like instrument, is used to create the tinkling, crystalline sound. A Christmas tradition on its own, the dance is the most awaited in the entire ballet as it is known to be technically challenging.

Here's what I've heard a radio ad from Ad Summit Congress 2016. A parody/spoof of several popular voices on radio stations and jingles/imaging, personalities and commercials mixed with the word Play: from the annoying kid at Love Radio (stated "Stressed ka na ba?"), impersonated voice of Papa Jack ("bitter?!?"), followed by "Relax, grab a guitar and come play" then "play takes the responsibilities", then impersonated voices of BNO guys ("I'm a playa!!!! (while repeatedly bells)"), then the voice announcer about the ad event followed by voice impersonation of Mike Enriquez ("...kahit lumang tunog, nagbabago!"), then the "No Approved Therapeutic Claims." before the Ad Summit event schedule. And ends with voice impersonation of a Resorts World Manila's lady whisperer ("come out and play.....").

[#PHRadioReview2015:](#)

First of all, hindi talaga ako marunong mag-review ng mga pangyayari sa radyo tuwing may year-end. But thanks to a bunch of what I've read sa website ng radio stations at sa social media, a little taste of first review:

Love Radio and Yes FM

2015 began counting the days, however, an unexpected cancellation of Friday evening to late-night program 'Gabi Na, Gising Na!' by the tandem of Papa Jack and Chico Loco during 1st quarter of this year. In March, Chico (whose real name is Mark Jimel Gales), resigned at Yes FM after 7 years of being mainstay at the station and 5 years of hosting the popular call-in evening show Yes! Diaries, best known for his popular voice characters (such as Notnot, Madam Chiki, Kapitan T\*\*an, Chicklet, Lola Kerrrps and Koyang), as well as the annoying fictional sponsorship and the 'Roleta ng Kapalaran' whereas callers wanna contact with one of the voice characters before the caller shares his/her story about their personal life/love story. Few months later, Chico went to Dubai and joined Tag 91.1, an OPM radio station for OFWs and Filipino migrants in Dubai.

The following week, netizens and fans of Papa Jack suddenly asked about the host's unexpected absence on radio following Chico's resignation. After 2 months, Papa Jack resumed his popular show TLC but Wild Confessions is no longer aired.

2 former iFM DJs, Megan and Kara, joined the Yes FM roster and launched their new program Usapang LDR, replacing Yes Diaries.

Despite things happened around the 'alleged' streamlining of MBC's FM division at Star City back around March, Love Radio is still #1 for 13 years (launched its "Number 1 Pa More" liner), including #1 on AC Nielsen Car Listenership Survey. Recently, Love Radio was awarded as Best FM Station in Mega Manila at this year's KBP Golden Dove Awards.

Conclusion: After deepdowns and success for Kabisyo and Kapwa listeners, what's next for Love and Yes? Let's find out in the future.

[#PHRadioReview2015](#): Newbies and returnees came, veterans and mainstays left, and updates for popular FM stations.

After Wave 89.1 was reformed under new management led by Sgt. Pepper (Nelson Capulso), the station introduced its new shows and new and returned DJs including former Max FM jocks Peter Clay (who left the station last October) and Zip Cody, alongside newcomers Naya, R&B singer Jay-R and Fil-Am rap group Q-York. The veterans and mainstays at Wave, however, left the station including Anne (later joined Home Radio but left again) and Gee Canlas (whose returned to her acting/hosting duties on TV), in addition to Peter Clay. The Wildside returned to the airwaves with KC Montero, Jimmy Muna and new co-host Chiqui. Wave brought back Quarter Attack, Bass Hour and The Flow.

As for Jam 88.3, two jocks left this year: Roanna (left for CNN Philippines for almost 10 months) and Lana. Three new jocks came: Pauline (from Wave 89.1), actress/blogger Saab Magalona-Bacarro and Candy (both are from indie band Cheats). New shows came in: Tower Radio (by Tower of Doom) and Balian ng Leeg (hosted by Reg Rubio). In addition, Fresh Filter was expanded into live gigs with Pinoy indie bands.

As for Retro 105.9 DCG-FM, however, loss the veterans like King DJ Logan (leaving his radio career and migrated to United States). The swapping of jocks from Retro to rival Wish 1075 and vice versa also came in: Hillbilly Willy and Bruce Romano joined Retro while Jimmy Jam switched to Wish.

As for Radyo Singko, Danton Remoto and his "Remoto Control" goes on hiatus from the station around October, and was replaced by the return of Cherie Mercado. Also, Interaksyon Tech Editor Jing Garcia joined the station thru his new program "Tech Sabado".

As for RX 93.1, 3 jocks left the station: Jinri Park (who came back from Korea), Andre, and Cerah. Bea Fabregas and former MYX VJ Karla Aguas joined the station this year.

On Magic 89.9, there was a too glitch before their upcoming 30th anniversary. Mikey Bustos left the station around 3rd quarter of this year as Nikko Ramos joined Good Times as replacement for him. The biggest comeback to the station is longtime veteran jock and radio personality Joe D' Mango and his popular radio program Love Notes.

More of my own radio reviews on my next post.

Here is the "other" one... Surprisingly, K-Lite 103.5 is also on top, and Barangay LS is #1 (beating Love Radio which is now #2)

**Jayson Bustamante** MC, I saw a reaction from 'OnoreDikeido' on PEx: "If Love Radio is notorious for their loud/crazy DJ's and Tiyanak laughs, Barangay LS is notorious for their ill-mannered, racist DJ's. At least ok pa ang YES FM. Pati rin ang MOR, cool lang sila lagi at di bastos. Iba talaga pag may Network war, MOR is playing it cool while Barangay disses other people and in some cases, shouting at their listeners."

**MC Capulong** If that's the case, LS shouldn't have revamped in the 1st place.

**Jayson Bustamante** In My Opinion: K-Lite finally achieved (after months of multiple switched reformats while keeping the brand) as they made it to Top 10 in the ratings alongside sister stations Play FM (#8, tied with an unnamed FM station) and Magic 89.9 (#9, tied with Win Radio 91.5).

**Jayson Bustamante** wait.. I think possibly #7 is DWJM-Jam 88.3 and #8 (tied with Play) is DWNU-Wish 1075.

[#PHRadioReview2015](#): Developments on latest and newest FM stations

UP Diliman state campus-owned AM station DZUP 1602 began expanded its airtime since July, which is from 6AM to 8PM Monday to Friday plus the introduction of new programming.

Around last year, Viva's Oomph Radio was launched on 105.1 in Cebu. During the 1st quarter of this year, the said brand was expanded on 97.1 in Davao (led by most jocks from the defunct 105.9 Mix FM) and on 103.5 in Zamboanga. Also, this marks the year for other new provincial FM stations: Bee FM 102.3 (formerly Killerbee) in Butuan and 105.9 eMedia News FM in Zamboanga.

Meanwhile, after almost a year (or 2 years) of off-air following the raid of transmission, pirate FM station 107.9 U-Radio returned to the airwaves in March but was off again later due to a possible raid. As of now, U-Radio continues online via audiostreaming.

Due to the slow emergence of popular streaming music apps (e.g. Spotify), internet radio stations owned by Filipinos whether here in the Philippines or abroad are still empowered by fans especially on social networks. One of the them is Barkada FM, thru their FB page, posting motivational quotes and link articles from not-so popular 'satire news' websites (such as TrendingNewsPortal and blogs from Altervista) that netizens almost like. Newbie in online radio this year is Mossimo Radio, a playlist-based station owned by the Philippine branch of a popular international clothing brand of the same name.

Final thoughts: for Viva-owned Oomph Radio, it's a good start to be expanded in Mindanao after their success in Cebu (even it was launched around September this year). On U-Radio, that station was too hard to go back to the airwaves despite being claimed to be a pirate FM station and was raided a number of times by local authorities. What's next for 2016? Find out.

**John Rodrigo Diaz Valdez** sa ngayon, stuck sila sa Cebu, Davao at Zamboanga. good thing Kalayaan Broadcasting System bought 103.9 in GenSan last 2013 from Ultimate Radio. if that didn't happen, may Oomph Radio na sana sila sa GenSan.

**Gregory Maximinian** I do not know what will be the future of 107.9 U Radio. If I were them, I will have the public apology on what we have done on radio pirating. Plus, we will seek help from bidders to acquire the station and to secure permits from the government and the NTC.

HD Radio™ Technology History in the Philippines

HD Radio Technology was first introduced in the Philippines in 2002 by Kapisanan Broadcaster Philippines (KBP - <http://www.kbp.org.ph/>) went on the air, supported by the Broadcasters Association of the Philippines. The main objective was to expand the availability of radio channels and programs in the country without causing sideband interference.

In 2004 the first trial of HD Radio broadcasts were conducted, led by the National Telecommunications Commission (NTC - <http://www.ntc.gov.ph/>) of the Philippines which organized a technical committee, which announced the decision to introduce HD Radio Technology with multicasting as an option for digital stations to provide additional channels.

BWP (<http://www.bwpsi.com/>), a local Philippines equipment supplier, has played a critical role in the introduction of HD Radio Technology in the Philippines. In 2004 BWP was the equipment representative in the Philippines of Broadcast Electronics (BE - <http://www.bdcast.com/>); currently BWP represents Nautel (<http://www.nautel.com/>). In 2004 KBP TLMC, BWP conducted a demonstration of HD Radio broadcast equipment. In November 2005 the first HD Radio trial broadcast was conducted by KBP TLMC on FM 105.1 MHz. President Gloria Macapagal participated in the first car reception trial of HD Radio Technology in the Philippines.

Radio Mindanao Network (RMN) In 2006 became the first official HD Radio station in Manila, Philippines, broadcasting on 93.9 MHz in the FM band with three multicasting channels on the single frequency. (<http://www.rmn.ph/>)

In November 2007, the NTC granted licenses for more stations to go on the air with HD Radio broadcasting including Radio Veritas, Global, Manila Broadcasting and Eagle Broadcasting. Also on November 11, 2007 the NTC released the technical document "Guidelines For The Operation of Digital FM Radio Broadcast".

In 2008 an AM HD Radio broadcast trial was conducted with MBC. In 2008 FEBC started over the air HD Radio broadcasts. In 2010 ABS-CBN also began HD Radio broadcasts.
